If he bothers to talk to the Cotteries at all, that is. So I did.

I got my varmint gun from the high shelf in the pantry. The other weather event. Because of the perpetual daylight on Lagash, its inhabitants are unaware of the existence of stars apart from their own; astronomers believe that the entire universe is no more than a few light years in diameter and may hypothetically contain a small number of other suns. Fear for these characters, fear for what I thought I knew, fear for actions I never thought I would read about, just shock, horror and confusion but more importantly I understood. He want to confide in her, and also sees her as an equal.

Both Dubreuil and Giroux say this is the scene that gets the most attention – both the writing of the Thrawn Trilogy Timothy Zahn was asked to incorporate references and elements from Dark Empire into his books, since they were set chronologically later than the comic. The early Asimov; or, Eleven years of trying.
