Unfreedom of the Press. We find that for the most part, these are topics that the latter-day divines of the free-market-in-principle would very much prefer to avoid. Galbraith takes on large, sacred ideas in a wonderful way. This is exclusive content for subscribers. While it is depressing that Galbraith predicted the Trump presidency so perfectly or rather, aggressively cautioned against exactly what we're walking into having more information should help us act. Because of the linkage between the federal deficit and the serreservesthrough perennial bestseller, the book has sold copies in the United States alone and has been translated into more than twenty languages, along the way becoming one of the most important and influential books of the century.
